ESG Among Forbes' List of America's Best Management Consulting Firms for Third Consecutive Year

ESG is Sole Denver-based Organization to Receive Client and Peer-Nominated Distinction

DENVER, CO – [Execution Specialists Group](#) (ESG), a strategy execution-focused consultancy, today announced that the organization has been named by *Forbes* to its list of [America's Best Management Consulting Firms for 2018](#). Just ten years after its founding in Denver, 2018 marks the third consecutive year that ESG has appeared on *Forbes'* annual ranking of the highest rated consultancies across all sectors and functional areas. ESG is among just over 200 management consulting firms nationwide to earn a spot on the list and the only firm headquartered in Denver.

“What continues to make ESG’s appearance on the *Forbes* list such an honor is that the ratings are taken from more than 1,000 clients and more than 7,500 other management consultancies. To receive the recommendation of peers and senior executives is tremendously meaningful to me and our entire team,” said [Mark Newhall](#), founder and CEO, ESG. “Among the consultancies on the list, we feel ESG is extraordinarily well-positioned, not only in its depth of strategic expertise, but also in its place as one of Colorado’s most unique and capable homegrown organizations.”

To compile its list, *Forbes* partnered with market research company Statista to survey partners and executives of management consultancies, as well as senior executives who had worked with such firms over the last four years. Respondents were asked to recommend consultancies across predetermined sectors and functional areas and firms with a disproportionate number of recommendations were organized into star ratings.
